

**QUALITY, FAST,  
RELIABLE**

**[WWW.VALIVELOZISKA.SK](http://WWW.VALIVELOZISKA.SK)**

# History

We have been operating on the Slovak market since 1993 as the first seller of bearings with the registered office in Bratislava.

At the end of 2008, we conducted reorganisation of our company and we partially supplemented our business name to **Valivé ložiská P & M, s.r.o.**

Constantly growing demand for our products was an incentive for extension of our company and opening a new branches in the Slovakia.

# Philosophy

**Our greatest strengths lie in speed, quality, and reliability.**

Our customer is our priority and a satisfied customer is our reward. The basic slogan of the corporate philosophy is to forget about the words **"I do not, I cannot do it, it is impossible"**. Prompt provision of top services and counselling on the highest level is our standard.

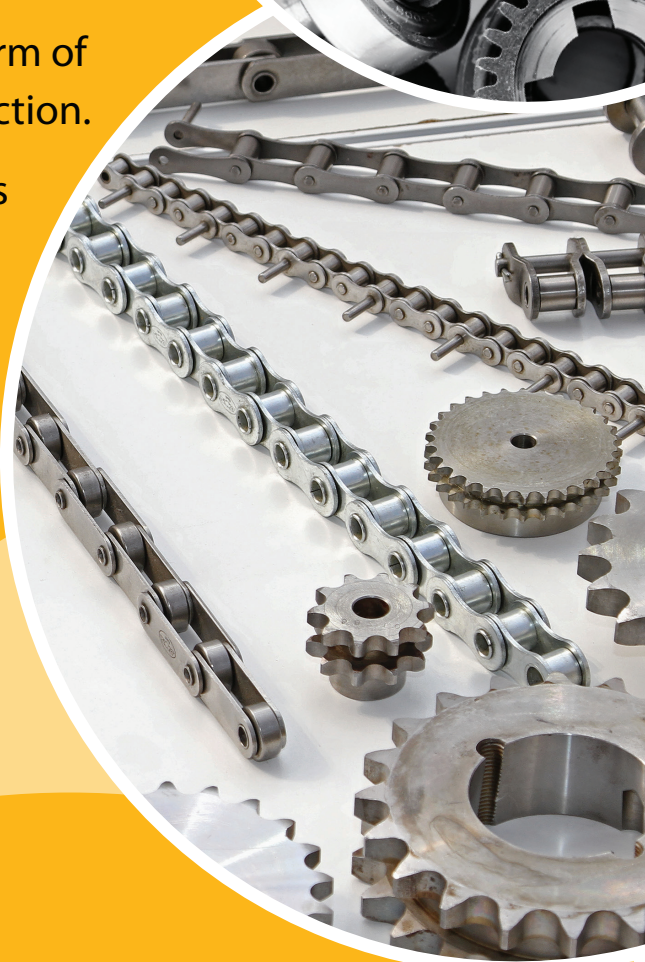

# Present

**At present, we deal with sale of bearings and their accessories, linear technique, sealing compounds, belts, industrial sealing compounds, lubricants, gearbox oil, glues, tools....** both for wholesalers and in the form of the over the counter sale based on the customer needs directly in a shop or via e-mail, telephone or fax customer order.

We always try to find a suitable solution in the form of counselling which results in the customer satisfaction.

We always try to meet the customer expectations in terms of price, quality, and availability.

We offer free service of training your employees, designers, maintenance workers, colleagues.

Our experts in cooperation with the renowned world and national producers will provide you with the first-class service and counselling in the field of training and optimization of the correct technical solution, storage...

If necessary, we can provide training premises in Bratislava where you are welcomed.

# Bearings

NSK, RPH, FAG, INA, SKF, TIMKEN, KOYO, NTN, SNR, ZKL, ZVL, KINEX, CR SRL, FBJ, MCGILL, SLF, NADELLA, STIEBER, GMN, EZO, IKO, ASKUBAL, TORRINGTON, ELGES, ASAHI, NKE, GPZ, BECO, PTI, WINKEL, AKE, PSL, ISB, NACHI, URB, ENDURO, DURBAL

- Miniature bearings
- Ball bearings
- Two-row ball bearings
- Angular contact ball bearings
- Two-row angular contact ball bearings
- Oscillation ball bearings
- Precise ball bearings
- Roller bearings
- Special roller bearings
- Precise roller bearings
- Oscillation barrel bearings
- Needle bearings
- Guide pulleys
- Axial bearings
- Knuckle bearings – Hinge heads
- Linear bearings
- Linear guidance system
- Bearing bodies
- Conical roller bearings
- Conical bearing units
- Sliding bearings (self-lubricating teflon, brass, bronze)
- Ceramic bearings (non-guide)
- Plastic bearings
- High-temperature bearings (for all environments and temperatures)
- Special bearings
- Bearing units / housings (UCF, UCFC, UCP, SNL...)

- Bearings for wheel hubs
- Bearings for gearboxes and differentials
- Bearings for air-conditioning and compressors
- Bearings for side cars
- Bearings for motorcycles and motor scooters
- Bearings for bicycles
- Bearings for roller-skates
- Bearings for railway vehicles and rail cars
- Bearings for robotics technology
- Bearings for agricultural technology
- Bearings for machine tool spindles
- Bearings for lifts
- Bearings for food industry
- Bearings for chemical and petrochemical industry
- Bearings for paper industry
- Bearings for iron and steel industry
- Bearings for power engineering industry
- Bearings for woodworking industry
- Bearings for graphic arts industry
- Bearings for high-lift technology
- Bearings for industrial fans
- Bearings for brick furnaces and jappanning ovens
- Bearings for shipping industry
- Bearings for use at low temperatures (up to -60°C)
- Bearings for use at high temperatures

# Linear Technology

NSK, INA, THOMSON, HEPCO, THK, IGUS,  
HIWIN, NB, STAR, SAMICK, BOSCH, REXROTH

- Trapezoidal screws (steel, stainless steel, acid-resisting steel)
- Trapezoidal nuts (steel, bronze, stainless steel, plastic)
- Round-headed screws + nuts (rolled, precisely whirled)
- Bearing boxes for storage round-headed screws
- Linear tracks and carriages
- Self-lubricating slide-ways and carriages
- Miniature linear guidance systems
- Circular and oval guide systems

# Belts

BANDO, STEIGENTECH , MICHELIN, PIX,  
MEGADYNE, OPTIBELT, MITSUBOSCHI,  
RUBENA, GATES, GUFERO, CONTITECH

- V-belts with classical profile
- Cut V-belts with classical profile
- V-belts with narrow profile
- Cut V-belts with narrow profile
- Multiple V-belts with classical profile
- Multiple V-belts with narrow profile
- Hexagonal V-belts
- Agricultural belts
- Automotive belts
- Scooter belts
- Ribbed belts
- Washing machine belts
- Variator belts
- Polyurethane belts
- Toothed belts with metric spacing
- Toothed belts with inched spacing
- Two-sided toothed belts with metric spacing
- Two-sided toothed belts with inched spacing
- Footage toothed belts
- Special belts
- Flat belts
- Conveyor belts
- Plastic belts

- **Chemical industry**
- **Automotive industry**
- **Light and heavy machine industry**
- **Printing industry and machines**
- **Stone quarries and mines**
- **Agricultural machines and combined harvesters**
- **Small garden technology**
- **Cable ways and ski tows**
- **Household appliances**

# Belt pulleys

- V-belt pulleys with clamp bushing
- Pre-drilled V-belt pulleys
- Pre-drilled aluminium belt pulleys
- Staircase V-belt pulleys
- Pre-drilled toothed metric belt pulleys
- Pre-drilled toothed belts with inched spacing
- Toothed metric belt pulleys with clamp bushing
- Toothed belt pulleys with inched spacing with clamp bushing
- Toothed bars
- Flat belt pulleys with clamp bushing
- Belt pulley for ribbed belts
- Variator belt pulleys
- Clamp bushings

# Silent-blocks, oil seals, shaft gasket rings

- Cylindrical silent-blocks with two-sided external thread – TYPE 1
- Cylindrical silent-blocks with external and internal thread – TYPE 2
- Cylindrical silent-blocks with two-sided internal thread – TYPE 3
- Cylindrical silent-blocks with external thread – TYPE 4
- Cylindrical silent-blocks with internal thread – TYPE 5
- Cylindrical silent-blocks narrowed in the middle with two-sided external thread
- Cylindrical silent-blocks narrowed in the middle with two-sided internal thread
- Cylindrical silent-blocks narrowed in the middle with internal and external thread
- Cylindrical sheet covered silent-blocks
- Angular silent- blocks
- Conical silent-blocks
- Conical silent-blocks with two-sided external thread
- Conical silent-blocks with one external thread
- Conical silent-blocks with one internal thread
- Silent-blocks for production
- Silent-blocks type KP, type K, type DS, type KE, type AT
- Rubber stops
- Industrial feet
- Furniture feet

- **Git seals - Corteco, Simrit, NBR, FPM, MVQ**
- **Sealings for production**
- **Sleeves**
- **Packing cords**
- **O-rings, X-rings, V-rings**
- **Wiper rings**
- **Lock rings**
- **Flat sealings**

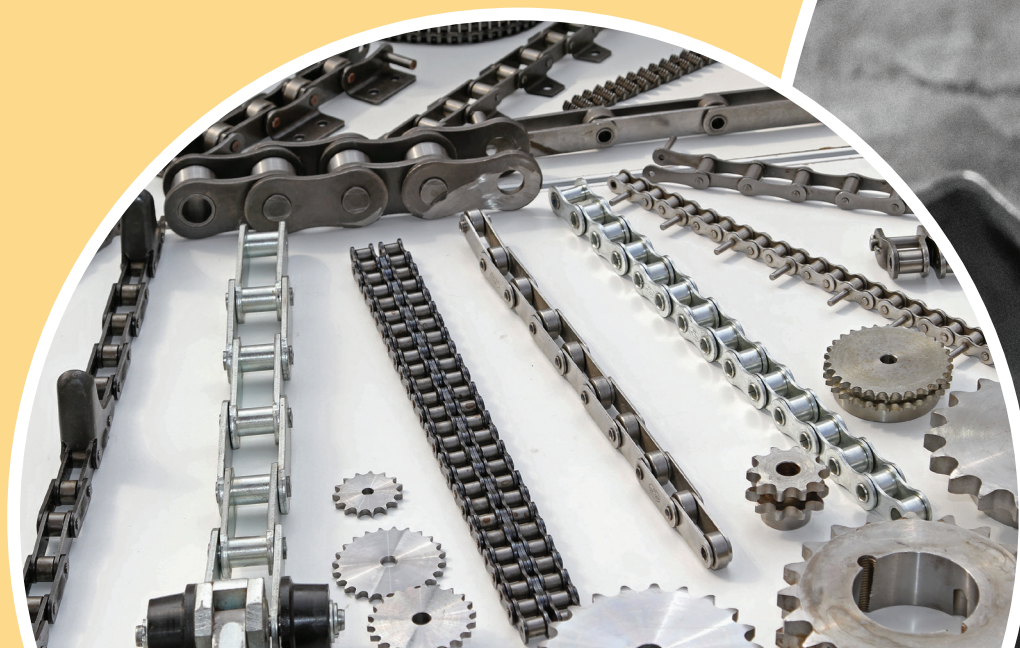

# Chains

- Single roller chains – standard ISO, ASA / B-1, A-1
- Double roller chains – standard ISO, ASA / B-2, A-2
- Tripler roller chains – standard ISO, ASA / B-3, A-3
- Roller chains with straight links
- Roller chains with hollow pivots
- Roller chains with extended pivots
- Roller chains with double spacing
- Roller chains with long spacing and carrier plates
- Accumulation roller chains
- Roller chains with carrier plates
- Chains with carrier plate
- Special conveyor chains
- Stainless steel chains
- Flyer chains
- Flyer chains LL
- Low-speed sleeve-type chains
- Carriers for roller chains
- Sleeve-type single chains
- Gall chains without pads
- Transfer chains
- Carriers for transfer chains
- Plate transfer chains
- Driving chains
- Connecting pieces for chains
- Connecting links and spare parts
- Internal link / External link
- Connecting link with spring
- Connecting link with lock
- Connecting link castle nuts and with lock
- Drop link with lock
- Drop link with castle nut and lock

# Chain wheels, toothed wheels

- Pre-drilled chain wheel with hub
- Chain wheel disk
- Chain wheels for American standard
- Chain wheel with clamp bushing
- Chain wheel with hardened tooth
- Stainless chain wheel
- Chain wheel with bearing
- Chain tensioner
- Toothed wheels with face toothing
- Rack bars
- Conical toothed gearings with face and oblique toothing
- Conical plastic toothed gearings with face toothing

# Industrial chemistry, oils, lubricants

MOL SLOVNAFT, KLÜBER, CASTROL, FUCHS, SIMALUBE, CX-80, MARSTON-DOMSEL, SIMATEC, SHELL, LOCTITE, AMBRO-SOL

- Motor oils for passenger cars and light utility vehicles
- Motor oils for utility vehicles and combined vehicle fleet
- Motor oils for two-cycle engines
- Motor oils and lubricants for motorcycles
- Oils for garden technology
- Automotive gearbox oils
- Liquids for automatic gearboxes and hydraulic systems
- Multi-purpose oils for agricultural technology
- Hydraulic oils
- Industrial gearbox oils
- Circulating oils, oils for machine tools
- Multi-purpose oils for machine tools
- Oils for pneumatic mechanism
- Compressor oils
- Turbine oils
- Electric insulation oils
- Form oils
- Industrial coolants
- White oils, procedural oils
- Greases
- Lubricants for food industry
- Special lubricants
- Tinting dyes
- Emulsion liquids for machining
- Cut oils

- **Automotive chemicals – low-hardening coolants, brake fluids, washer fluids, additives for automobiles, detergents**
- **Securing of threaded connections**
- **Sealing of pipelines and threads**
- **Flat gaskets**
- **Attachment of cylindrical parts**
- **Glues**
- **Second glues**
- **Glueing of structural parts**
- **Flexible sealing and glueing of joints**

# Steel ropes and hoisting means

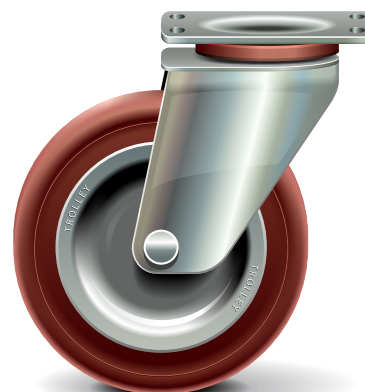

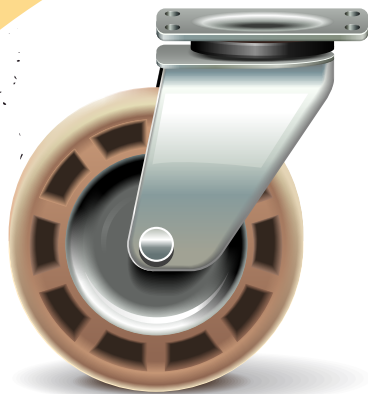

- Ropes with diameter of 1 – 30 mm
- Standard steel ropes
- Cylindrical steel ropes
- Natural and synthetic ropes
- Chains, chain tensioners
- Pulleys
- Textile circular endless loops
- Textile lifting belts, loop-loop straps
- Single-part, two-part ratchet tie-down straps
- Endless straps
- Tensioner loop/hook
- Tensioner loop/loop
- Tensioner hook/hook
- Tightening nuts
- Tightening screws
- Jaw stretchers
- Stretchers with welded ends
- Suspension eyes and hooks
- Suspension bolts
- Suspension nuts
- Rope clamps
- Cast iron clamps
- Single / double clamps for steel rope
- Single / double clamps for steel rope
- Dead eye
- S hooks
- Eye hook
- Rotating eye with screw
- Snap hooks
- Stirrups
- Stirrup with a pivot
- Stirrup with a pivot with lock
- Chain lock
- Draw bands
- SK bands
- Hose clips W1
- Hose mini clips W1 / W2

# Wheels and ball transfer units

- Independent wheels
- Rubber wheels
- Inflating and unpierceable wheels
- Wheels for pallet trucks
- Furniture wheels
- Device wheels
- Stainless wheels
- Wheels for high temperatures
- Transport wheels
- Heavy-load wheels
- Spring-controlled wheels
- Wheels for gates and sliding ladders
- Cast-iron wheels
- Aluminium wheels
- Scaffolding wheels
- Antistatic wheels
- Design wheels
- Low-profile wheels
- Special wheels
- Wheels for ship containers
- Polyurethane wheels
- Plastic wheels
- Mowing machine wheels
- Wooden wheels
- Rollers
- Special products - pulleys
- Transport units with fastening bolt
- Transport units with basic plate
- Transport units for tubes
- Transport units with bottom fixing
- Transport units "GLIDE"
- Transport units "HI-TECH"
- Transport units "HEAVY-LOAD" 0,1,2,3,4,5,6
- Transport units "TUFF"
- Transport units "DL"
- Transport units "HEAVY DUTY" 800
- Transport units "FLOAT-ON"
- Spring-controlled transport units
- Miniature transport units

## Electrical and hand tools

BOSCH, KUKKO, KNIPEX, STAHLWILLE, EXTOL, FORTUM, FISCHER, NAREX, BAHCO, CONDOR, WERA, WIHA, PROJAHN

- Battery tools
- Drilling and cutting hammers
- Drilling and milling tools
- Drilling machines and impact drills
- Screwdrivers and impulse tighteners
- Angular grinding machines
- Saws
- Grinding machines
- Milling cutters
- Jack planes
- Multi-functional tools
- Fixed tools
- Paving cutting machines
- Exhaust systems
- Heat and glueing guns
- Accessories to electric tools – bits, saw blades, chippers, drill bits, cutting and grinding disks, sets of extensions, screwdrivers, nut breakers.
- System accessories
- Pneumatic nailers
- Compressors and pneumatic tools
- Forest and garden technology
- Garden tools
- Building tools
- Screw cutters and button dies
- Hammers, pliers, adjustable wrenches
- Grippers, clamps, ratchets
- Knives, cut-off knives, shears
- Rasps, bits, chisels, crow-bars, removers
- Wrenches and sets of box spanners and peg wrenches
- Ladders, carriages
- Lamps
- Digital measuring devices
- Measuring devices – metre rules, slide gauges, micrometres, multimetres
- Brooms, shovels, rakes, hoes, ice axes, buckets
- Sets for assembly and disassembly of pullers

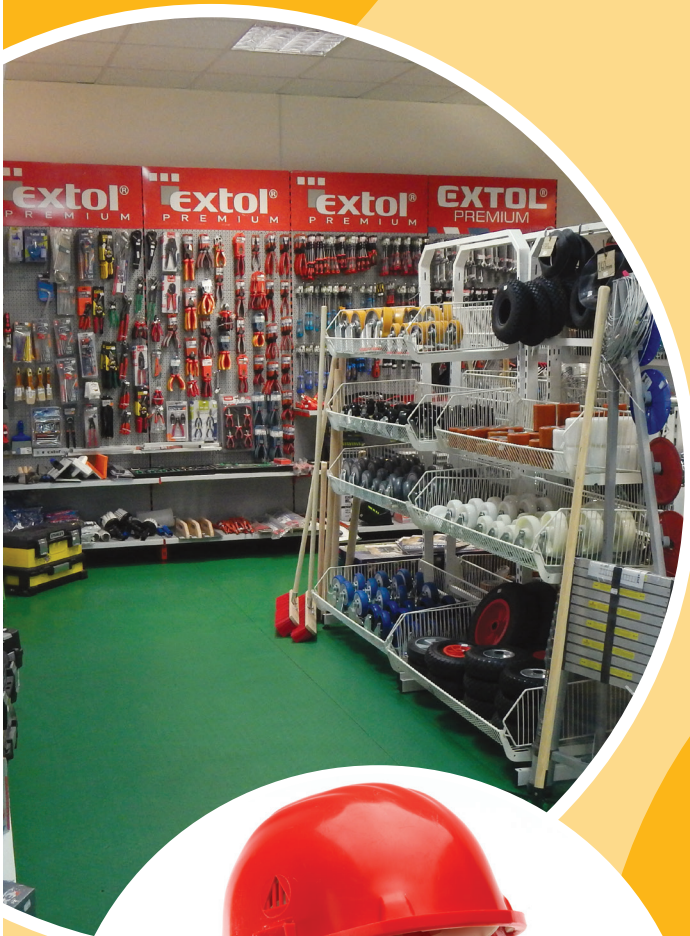

## Connecting material

- Standard: DIN, ISO, UNF, EN, STN
- Metric screws
- Self-drilling screws
- Rivets and nut rivets
- Nuts and bolts
- Washers
- Fasteners
- Joinery forging
- Anchoring material
- Threaded bars
- Fastening straps

## Protective equipment

- Overall collections
- Gloves
- Footwear
- Eye protection
- Hearing protection
- Head protection
- Breath protection
